Live the Sea-Doo Life

Welcome to your Sea-Doo Life

Imagine a place where the air smells like coconut and hibiscus. Where your cooler is always full, and dolphins laugh at your jokes. Where fluorescent is a fashion statement, and every day is spent flying over waves. It's not as far as it might seem.

You see, that little rainbow kissed cove, that crisp, clean lake filled with bright buoys, and that warm stretch of salty sea are all real, and they're waiting. Live out your daydreams. Live the Sea-Doo Life.

The Next Generation of Sea-Doo

Designed for life at sea

Redesigned for how you ride, the newest Sea-Doo models including now the GTI and GTR models feature more usable space, superior stability, easy-access storage and a sound system that sings. Stretch your legs, head into rougher waters, bring more snacks, and play louder tracks this is your Sea-Doo Life, after all.

Some products may not be available or homologated in your region. Contact your dealer for more information

Sound? Check.

Integrated. Bluetooth. Waterproof.

Ride to the beat of your own drum with the 100W BRP Audio-Premium System. With the swipe of a finger, create the vibe you want with the industry's first manufacturer-installed, truly waterproof, and fully integrated Bluetooth[®] audio system.

- ~ Two powerful 50-watt speakers for music clarity, even while riding.
- ~ Music will play even after engine is turned off.*
- ~ A remote control pad on left speaker to quickly and easily change songs and volume.
- ~ You can also listen to music while riding on a SPARK with the BRP Audio-Portable System.

*Up to one hour.

Stable at its Core

At Rest. At Speed. Always Steady.

Sea-Doo offers the industry standard in stability. So whether you're parked in a cove, fishing or hauling at speed, these Sea-Doo models feel balanced and sure. Even with three on board or someone boarding, it'll stay true.

- ~ Redesigned hull and lower center of gravity for improved stability and confidence at high and low speeds with or without passengers.
- ~ Hull is wider for improved stability at rest or boarding.

Some products may not be available or homologated in your region. Contact your dealer for more information

Space to Sprawl Out

Configurable. Comfortable. Groundbreaking.

With comfy, modular 3-up seating, and a useful and large swim platform, the newest design makes hanging out just as fun as riding around.

- ~ Large, flat swim platform to prep for fun or kick back for hours.
- ~ Modular removable seating is configurable for hanging out, sunbathing or a face-to-face picnic.

Smarter Storage Space

Useful. Accessible. Functional.

All your gear is now within arm's reach. The industry's first direct-access front storage opens by simply raising the handlebar assembly*. No standing required. And extra rear storage is also possible with the secure Quick-Attach LinQ™ System.

- ~ Exclusive LinQ System lets you quickly and easily attach a fuel caddy, a bag, a cooler and more. Plus it can now be added to all the other models.
- ~ Large front storage is completely accessible from a seated position*.
- ~ Glovebox features a waterproof, shockproof phone compartment with USB charger.**

*Only on certain models.

** USB Port available as an accessory. Standard on GTX Limited model.

Some products may not be available or homologated in your region. Contact your dealer for more information

10 YEARS WORKING TOGETHER
OFFICIAL POWERCRAFT SUPPLIER OF
SURF LIFE SAVING AUSTRALIA

Surf Life Saving Australia

MORE THAN 10 YEARS SUPPORTING LIFE-SAVING ON THE BEACH.

BRP's exclusive technologies are at the heart of why Sea-Doo products deliver the most satisfying and secure experience on the water. The world's first and only intelligent Brake and Reverse (iBR) system together with the learning key that helps control the speed on beginners, offer outstanding maneuverability and safety handling. With ECO™ mode for fuel efficiency, impressive power, and cutting-edge features, and you've got a ride that puts exhilaration into your day and your mind at ease.

These continuous innovations and the reputation on the water have made Sea-Doo the chosen brand for Surf Life Saving Australia.

Under demanding conditions, day in and day out, Sea-Doo watercraft deliver the performance and reliability required to help save lives on Australian beaches. And with ultra-low emissions throughout the line-up, our watercrafts are also helping keep Australian beaches and waterways clean.

APPROVED SURF LIFE SAVING RESCUE WATERCRAFT.

Coastal Safety & Risk Manager for Surf Life Saving Australia, Anthony Bradstreet said, "We are particularly pleased with the performance of the range of BRP products including Sea-Doo personal watercrafts, Evinrude E-TEC outboard engines, Can-Am ATVs and SSVs. Across the categories, BRP has shown their commitment to providing quality products that are safe to use and environmentally sustainable."

Recreation

Sprinkle in some fun

Donuts anyone? Our all-new Sea-Doo platform redefines the way you enjoy your watercraft. Days on the water are made totally unique with revolutionary on-board experiences like a BRP Audio-Premium System, ingenious storage for greater capacity and versatility, and living room on board. Plus, you'll enjoy improved stability at rest: better fuel efficiency. Perfect for those big beach days with family and friends.

 White and Reef Blue

Performance

Serious Mussel

Push the limits of what you can do, where you can go, and how fast you can get there. Our three performance models are built to maximize control and precision in any condition, making them the benchmark for high performance. And for the thrill of outright acceleration, 60 mph (96 km/h) is just 3.6 seconds* on the RXT-X® RS 300. With available features like our Bluetooth Audio System and the exclusive LinQ Quick-Attach System for cargo on the GTR and RXT-X and the industry shaping T3 hull on the RXP-X, the go-anywhere, do-anything performance models can turn a typical joy ride into an adrenaline-soaked outing.

Performance

Standard Features

- Intelligent Brake and Reverse (iBR)
- Closed-Loop Cooling System (CLCS)
- Sport Mode for quicker accelerations

Sport Fishing

Tackle more

For years, a collection of adventurous sport fishermen outfitted their Sea-Doo watercraft to take on all types of fishing from the deep waters and open ocean to shallow coves. Sea-Doo has designed the first and only watercraft built for fishing so even more people can experience this exciting new adventure. An industry first, the FISH PRO is a combination of excitement, versatility and passion into one complete package. Cleverly designed with intuitive features that allow you to explore all fishing locations, get closer to the action, and experience fishing like never before.

 **White and Night Green**

Features

1 *LinQ Fishing Cooler*

A rugged 13.5 gal. (51 L) cooler specially designed for fishing with a recessed work surface, four innovative rod holders, trolling slots, and tackle and bait storage.

2 *Fishing Bench Seat*

Designed for ease of movement from the driver position to passenger for fishing. Optimized for fishing facing sideways with increased lateral stability when combined with the angled footrests.

3 *Watertight Phone Box*

Shockproof smartphone storage to keep your phone protected while you ride. Also, keep your phone charged with a USB port accessory.

4 *Trolling Mode*

Slow Mode speed control to make trolling easy. Set your desired speed to one of the nine pre-set positions.

5 *Garmin[®] Navigation and Fish Finder*

Garmin ECHOMAP[®] Plus 62cv Fish Finder with a 6-inch (15 cm) screen and in-hull transducer.

6 *Direct Access Front Storage*

A convenient bin organizer is ideal for storing quick access items like water bottles, sunscreen or a small tackle box.

7 *Boarding Ladder*

Boarding from the water has never been easier with the foldable boarding ladder.

8 *Extended Rear Platform*

More space for boarding and fishing while also increasing stability at rest or when carrying a full load of fish.

9 *LinQ Attachment Points*

Two sets of attachment points for the Fishing Cooler and additional LinQ accessories, such as a small cooler to bring your lunch and a fuel caddy for your extended trip on the water.

10 *Angled Gunwale Footrest*

Foot supports for increased comfort and stability when fishing in rough waters.

11 *Stable and Predictable Hull*

The ideal hull for fishing is designed for rough water confidence when riding and unmatched stability at rest.

12 **NEW** *ROTAX 1630 ACE - 170 hp Engine*

The highest horsepower, naturally aspirated engine in the lineup for optimized performance and fuel economy.

Touring

Unswayed by waves

The Sea-Doo GTX Series is the pinnacle for watercraft touring, allowing you to reach secluded destinations in comfort and style. Comfort, in the form of ergonomic, configurable seating, a large swim platform and improved stability, allowing you to lounge onboard for hours. Style, in the form of classic colors, a powerful Bluetooth Audio System and the widest array of features.

Touring

- Tow Sports Capability*
- BRP Audio-Portable System (Optional only available in NZ)

 **NEW Chili Pepper and Pear**

*Practicing tow sports requires the presence of a third person for spotting.

Technology

Innovative Technology

Live the Sea-Doo Life / 32

1 *Ergolock*

The narrow, race-inspired seat and deep knee pockets let you lock in and use your legs for better control, reducing upper body fatigue and making you feel like one with the machine.

2 *Intelligent Brake and Reverse (iBR)*

Recognized by the U.S. Coast Guard for improving boat safety since 2009 and now in its third generation, the industry's first Sea-Doo exclusive iBR system allows you to stop up to 160 feet (48 m)* sooner than watercraft not using a brake. With both hands on the handlebars, riders can engage forward, neutral, and reverse for stable, worry-free maneuvering at low speeds.

* Based on BRP internal testing.

Closed-Loop Cooling System

Another Sea-Doo exclusive, the Closed-Loop Cooling System (CLCS) uses coolant to keep the engine running at ideal temperatures. Unlike competitors, this technology prevents corrosive salt water and damaging debris from entering the engine, for increased reliability, longevity and peace of mind. Offered as an expensive upgrade on traditional marine inboard engines, CLCS comes standard on all Sea-Doo models.

3 *Polytec*

This innovative and robust material reduces the weight of the watercraft to deliver peak performance and efficiency, and makes it easy to tow with small cars. Plus, the color-in molding is more scratch-resistant than fiberglass.

Rotax Marine Engines

With unmatched high performance, superior fuel efficiency and proven reliability, Rotax marine engines continue to set the standard in the industry. Now every Sea-Doo engine features Advanced Combustion Efficiency (ACE) technology which optimizes the engine to deliver peak performance and impressive fuel efficiency.

4 *Different Driving Modes*

- ~ ECO MODE: This exclusive Sea-Doo feature produces up to 46% improved fuel efficiency by automatically determining the most economical power delivery.
- ~ SPEED REGULATOR MODE: Set it and forget it. This activity-specific mode lets you set your speed for cruising, tow sports, navigating no-wake zones and more.
- ~ SPORT MODE: The most responsive mode that gives you the top performance from your watercraft.
- ~ SKI MODE: Tow the perfect line, every time. The five different acceleration profiles make it easy for the driver to deliver a smooth launch and maintain a consistent pace, increasing predictability, so boarders can focus on shredding.

Accessories and Clothing

Live the Sea-Doo Life on and off the water

Innovative Sea-Doo riding gear and accessories are the perfect way to bring your Sea-Doo Life from water to land. Discover multiple Sea-Doo LinQ accessories that allow you to go beyond the typical boundaries. Get all the details at your local dealer or online at store.sea-doo.com.

LinQ
SYSTEM™

Fast. Easy. Secure.

Discover a game-changer. The Quick-Attach Rear Cargo LinQ System, standard on our latest Sea-Doo platform, can be added to all the other models*. Securely attaches cargo or ski pylon in seconds and without tools, it redefines what is possible with a watercraft. Because when you can pack more, play more, ride farther and keep food and drinks cold and fresh, you no longer just go on rides, you go on adventures.

1 **NEW** LinQ Watertight Bag

With a fully waterproof roll-top design that secures gear tightly, 10.6 gal. (40 L) of adjustable capacity, and a heavy-duty rigid plastic base, the new Watertight LinQ Bag gives you plenty of extra cargo space. Plus, for easy transportation on/off the vehicle, it features a foam lined bottom for additional protection, and integrated handle.

2 LinQ Fuel Caddy

The easy-to-pour caddy can hold 4 gal. (15 L) of fuel to explore more, and the LinQ Watertight Bag can stack on top to carry more.

3 LinQ Ski Pylon

With built-in grab handles for the spotter, the high-rise pylon keeps the rope out of the water and keeps the watersports going.

Some products may not be available or homologated in your region. Contact your dealer for more information

6 *LinQ Box*

A 5 gal. (19 L) rigid and durable storage box that can be easily attached. With a weather-resistant and lockable cover you will never have to worry about what's stored inside.

7 *BRP Audio-Portable System*

Listen to your music in, on, or off the water with this fully-submersible and removable audio system. Loaded with two 25 Watt speakers with Bluetooth Connectivity and featuring a rechargeable lithium battery and control pad for easy adjustments on or off your watercraft. Can be installed on all SPARK models since 2014.

8 *Sea-Doo Covers*

Designed and crafted with every inch of your Sea-Doo in mind to fit each model like a glove. Also, thoughtful zippered openings for storage and gas tank make it easy to access when your Sea-Doo is covered. Allow the installation of the LinQ accessories on the rear deck with the cover in place.

4 *LinQ 4.2 gal. (16 L) Cooler*

Rigid, durable and weather-resistant, and acts as a table between reconfigured seats for on-water picnics.

5 *LinQ 13.5 gal. (51 L) Cooler*

Standard on FISH PRO, this larger cooler connects to any other models equipped with factory-installed LinQ System. Fishing-related features such as a storage pocket, lid with work surface, quick-attach rod holder system*, and trolling slots make it a multi-purpose accessory.

*Rod holders sold separately.

9 **NEW** *Sea-Doo Life Jackets*

No matter your riding style, Sea-Doo has you covered. Choose from three categories of life jackets to suit your needs: the Ultimate, the Athletic or the All-Purpose life jacket.

XPS™ Oils and Maintenance

Engineered to get the very best out of your Sea-Doo, from ultimate performance and reliability to showroom-worthy looks. Visit sea-doo.com/xps to view the full line of XPS Products.

BRP reserves the right at any time to discontinue or change specifications, prices, designs, features, models or equipment without incurring obligation. Watercraft performance may vary depending on, among other things, general conditions, ambient temperature, and altitude, riding ability and rider/passenger weight. Testing of competitive models done under identical conditions. Performance number achieved under optimal testing conditions. Some models shown may depict optional accessories. Some pictures depicted in this brochure include professional riders and wakeboarders executing maneuvers under ideal and/or controlled conditions. Do not attempt any of these or any other risky maneuvers, if they're beyond your level of riding or wakeboarding ability, as well as your understanding and respect for the performance of your personal watercraft. Always consult an authorized Sea-Doo dealer when selecting a watercraft for your particular needs, and carefully read and pay attention to your Operator's Guide, Instructional Video, and the on-product labeling on your personal watercraft. Always drive responsibly and safely. Severe injury can result from ignoring warnings, not following the instructions or improper use of watercraft and related products. Use common sense and courtesy. Always observe applicable local laws and regulations. Respect the rights of, and keep a safe distance from, other recreationists and/or bystanders. Always wear the appropriate protective clothing, including a Coast Guard-approved life vest as dictated by the circumstances including, but not limited to, the weather, boating conditions and age and abilities of the occupants. Don't operate your watercraft under the influence of drugs or alcohol. Always observe applicable laws and regulations.

Visit an authorized Sea-Doo dealer for details. By being a member of these important industry associations, we recognize and support their efforts in sharing the responsibility of promoting the growth of our sport. Sea-Doo watercraft riders know that riding responsibly and safely is always more fun.
